

August 2011

Table of Contents

EXECUTIVE SUMMARY	I
Regional Freight Trends	I
Regional Freight Transportation Assets	II
Regional Freight Transportation Deficiencies	II
The Economic Future	V
1 INTRODUCTION	1-1
1.1 Context: The OKI Region and the National Freight System	1-1
1.2 OKI Regional Freight Plan	1-1
2 OKI FREIGHT DATA COLLECTION AND PUBLIC INVOLVEMENT	2-1
2.1 OKI Freight Plan Timeline.....	2-1
2.2 Physical Freight Inventory Profile	2-2
2.3 Commodity Flow Data	2-3
2.4 Shipper Survey Using the Supply Chain Consortium.....	2-7
2.5 Shipper Interviews.....	2-8
2.6 Carrier Interviews.....	2-8
2.7 Interviews with Local Government Officials.....	2-8
2.8 Public Participation.....	2-9
3 FREIGHT SYSTEM: ASSETS, USE AND SHIPPER NEEDS	3-1
3.1 Roadways and Trucking	3-1
3.2 Rail Freight Profile	3-9
3.3 Inland Waterway System and River Ports	3-23
3.4 Air Freight and Air Parcel.....	3-34
3.5 Pipelines.....	3-42
3.6 Pipeline Operations in the OKI Region.....	3-42
3.7 Definitions of Pipeline Commodities Found in the OKI Region	3-44
3.8 Pipeline Operators.....	3-47
4 REGIONAL FREIGHT NEEDS ASSESSMENT.....	4-1
4.1 Introduction.....	4-1
4.2 OKI Shipper Survey and Interviews	4-1
4.3 Regional Commodity Flow Forecast	4-15
4.4 Existing Commodity Flow Profile.....	4-15
4.5 Freight Flow Forecasts, 2009-2040.....	4-22
4.6 Highway and Trucking Strengths and Needs Assessment.....	4-31
4.7 Rail System Strengths and Needs Assessment.....	4-40
4.8 Inland Waterway and Barge Terminal Strengths and Needs Assessment	4-48
4.9 Air Cargo Strengths and Needs Assessment	4-53
5 FREIGHT PERFORMANCE MEASURES.....	5-1
5.1 Goals from OKI Long-Range Plan	5-1
5.2 Performance Measures.....	5-2
5.3 Evaluation Methodology.....	5-3
5.4 Future Considerations.....	5-8
6 SAFETY AND SECURITY.....	6-1
6.1 Introduction.....	6-1
6.2 Highway Safety	6-1
6.3 Highway Railroad Crossing Incidents	6-2

6.4	At-Grade Crossings: Safety Review and Improvements	6-6
6.5	Local Agency Safety Concerns Related to Freight Transportation	6-9
6.6	State and Local Safety Programs	6-11
6.7	Hazardous Materials Cargo Flows	6-12
6.8	Homeland Security	6-14
6.9	OKI Area Critical Infrastructure	6-15
6.10	OKI Security and Emergency Management Agencies	6-16
7	RECOMMENDATIONS.....	7-1
7.1	Introduction.....	7-1
7.2	Structure of Recommendations	7-1
7.3	Evaluation Measures.....	7-1
7.4	Top Regional Priorities	7-2
7.5	Roadway Freight Recommendations	7-8
7.6	Rail Freight Recommendations	7-33
7.7	River/Inland Waterway Freight Recommendations	7-44
7.8	Air Freight Recommendations	7-48
8	IMPLEMENTATION AND NEXT STEPS.....	8-1
8.1	OKI Freight Planning Capacity	8-1
8.2	Implementing Partnership Strategies	8-2
8.3	Engaging in Freight Planning and Project Development.....	8-2
8.4	Freight Plan in Context with other OKI Planning Products.....	8-2
8.5	Freight Plan Updates	8-3

Figures

Figure 1-1:	Tonnage on Roadways, Railroads, and Inland Waterways, 2007	1-1
Figure 3-1:	Major Distribution Centers in the OKI Region	3-1
Figure 3-2:	Peak-Period Congestion on the National Highway System, 2007	3-2
Figure 3-3:	Average Truck Speeds on Select Interstate Highways, 2007	3-3
Figure 3-4:	ATRI Critical Issues in the Trucking Industry, 2010.....	3-4
Figure 3-5:	CSX Railroad Service Area.....	3-12
Figure 3-6:	CSX National Gateway Program, Showing Double Stack Improvements in Green	3-16
Figure 3-7:	Norfolk Southern System Map.....	3-18
Figure 3-8:	Norfolk Southern Corridor Initiatives	3-21
Figure 3-9:	Location of Locks on the Ohio River Navigation System	3-25
Figure 3-10:	Map of OKI Barge Terminals	3-27
Figure 3-11:	Comparison of Air Cargo Activity for U.S. and Cincinnati/Northern Kentucky International Airport.....	3-41
Figure 3-12:	Pipeline Commodities by Total Linear Mile	3-43
Figure 4-1:	Survey and Interview Breakdown	4-2
Figure 4-2:	Size of Companies Responding to Surveys and Interviews.....	4-3
Figure 4-3:	Location of Respondent's Operations	4-3
Figure 4-4:	Inbound Freight Movement.....	4-4
Figure 4-5:	Outbound Freight Movement	4-4
Figure 4-6:	Reasons for Not Using Ohio River.....	4-8
Figure 4-7:	Utilization of Rail Transportation	4-9
Figure 4-8:	Shippers' Perceptions of OKI-Area Transportation Systems Compared with Chicago, Columbus, Detroit, Memphis and Indianapolis.....	4-12
Figure 4-9:	Breakdown of OKI Region Cargo Tonnage by Cargo Direction.....	4-15
Figure 4-10:	Origins of Inbound Freight, 2009	4-16
Figure 4-11:	Destinations of Outbound Freight, 2009	4-17
Figure 4-12:	Breakdown of OKI Region Cargo Tonnage by Mode, 2009.....	4-18
Figure 4-13:	Total Truck Cargo Flows by Direction, 2009	4-19
Figure 4-14:	Total Rail Cargo Flows by Direction, 2009	4-20
Figure 4-15:	Total Barge Cargo Flows by Direction, 2009.....	4-21
Figure 4-16:	Total Air Cargo Flows by Direction, 2009	4-22
Figure 4-17:	Daily Train Volumes on OKI Area Railroads	4-41
Figure 4-18:	View of Hopple Street Looking North.....	4-45
Figure 4-19:	View from Hopple Street Viaduct, Looking South	4-45
Figure 4-20:	OKI Region Truck Flow.....	4-49
Figure 4-21:	Aerial view of Cincinnati/Northern Kentucky International Airport.....	4-54
Figure 6-1:	OKI Rail Grade Crossing Map.....	6-2
Figure 6-2:	OKI Composition of HAZMAT moved by Trucks, 2009	6-13
Figure 6-3:	OKI Composition of HAZMAT moved by Inland Waterway, 2009.....	6-13
Figure 7-1:	Projected Truck Volume Growth	7-10

Tables

Table 2-1:	Freight Asset Data	2-2
Table 3-1:	List of OKI Barge Terminals.....	3-28
Table 3-2:	Historical Air Cargo Growth Rates by Market	3-36
Table 3-3:	North American Airport Cargo Traffic (Sorted by Volume)	3-38
Table 3-4:	Comparison of OKI Regional Aviation Assets	3-39
Table 3-5:	Timeline of Air Cargo Hub Development in the OKI Region	3-40
Table 3-6:	Ohio Pipeline Transmission Mileage by County	3-43
Table 3-7:	Kentucky Pipeline Transmission Mileage by County	3-44
Table 3-8:	Indiana Pipeline Transmission Mileage by County	3-44
Table 4-1:	Mode Breakdown.....	4-5
Table 4-2:	Freight Movement by Mode Outbound.....	4-6
Table 4-3:	Forecasted Freight Volume Change by Weight, Inbound and Outbound.....	4-6
Table 4-4:	Modes Shifts Planned in the Next Two Years	4-7
Table 4-5:	Awareness of New Rail Services.....	4-9
Table 4-6:	Effect of New Rail Services on Change in Rail Shipments	4-10
Table 4-7:	Rating Factors of the OKI Region’s Transportation System	4-11
Table 4-8:	Greater Cincinnati Transportation Facilities Compared to Regional Alternatives.....	4-11
Table 4-9:	Costliness of Change to Overcome OKI Area Infrastructure Deficiencies	4-13
Table 4-10:	OKI Region Truck Cargo and Loaded Truck Traffic Forecast, 2009 to 2040.....	4-23
