

CLEAN AIR CONSORTIUM WORKING GROUP MEETING

October 5, 2004
OKI Board Room

Attendees:

Jeff Boyle	Corporate Compliance
Dick Brewer	Cinergy
Cory Chadwick	HCDOES
Joe Forgacs	KYDAQ
Rick Giese	Griffin Industries
Sue Leitner	Clean Cities
Doug Moorman	Greater Cincinnati Chamber
Paul Smith	Trinity Consultants
Rick Wajda	Ohio Petroleum Council
Scott Walton	NKY Chamber

OKI STAFF:

Allen Freeman, Summer Jones, Fran Malone, Andy Reser, Sarah Woller

Welcome

Mr. Steve Stevens welcomed attendees and everyone introduced themselves and their sponsoring organizations.

As a group, Mr. Stevens noted that we are still in the definition stage. We set as our goal to keep the meetings to 90 minutes and began reviewing the Potential Control Measures and Regional Air Pollution Reduction Strategies. (See revised "Potential Emission Reduction Strategies" document).

Review of Potential Control Measures

The list of Potential Emission Reduction Strategies was reviewed and work began on the Air Pollution Reduction Strategies that are National in scope. Two strategies were added to our list and several were noted for further study.

Next Steps

The next meeting will be decided in the near future and email notification will be sent as soon as possible. The goal of presenting the results of the Consortium's discussion to the OKI Board in December 2005 still remains.

Adjournment

There being no further business the meeting was adjourned at 2:30 p.m.
